## Working experience

<i>Period</i>	Rome, Italy ::: <b>September 19 – present // NSR SRL</b>
<i>Role and task performed</i>	Senior System Administrator & Cyber Security c/o Unicredit Services S.p.A. & Infratel ITALIA S.p.A.
<i>Activity / Project</i>	Securonix UEBA & SINFI
<i>Main tasks and responsibilities</i>	Maintenance and evolution of operating systems (following previous experience) for the SINFI project. For the Cyber Security project, the query of the Log Collection systems such as Splunk with the aim of defining and improving the Policies and the relative baselines together with the working group. Identifying of Rare Behaviour for the creation of Threat Models based on AI algorithms able to identify and prevent eventual data breach.
<i>Period</i>	Rome, Italy ::: <b>November 17 – September 19 // NSR SRL</b>
<i>Role and task performed</i>	Senior System Administrator c/o Ministero dello Sviluppo Economico & Infratel SPA
<i>Activity / Project</i>	Databases, Systems and Storage Tuning
<i>Main tasks and responsibilities</i>	Taking charge of the systemic management of the SINFI (National Federated Infrastructure Information System) project, I increased the overall performance of the systems involved by putting in place all my knowledges acquired over years of experience. Specifically, I designed, built and configured the SAN supply, achieving results up to 1000% higher than the previous version. I have also designed and configured the delivery of shared disks (via vmWare) to the operating systems and configuration of an OCFS2 Filesystem. The tuning of the postgres database version 11 reaching a performance of 37% higher (average result of tests performed) compared to the same installation in the environment of the software supply company (hosted in Amazon AWS).
<i>Activity / Project</i>	Design and implementation of ICT solutions
<i>Main tasks and responsibilities</i>	Drafting of Activities and Projects documentation, with the aim of sharing with the group the know-how obtained through study and hands-on labs. In farm composed of about 400 servers, taking charge of the implementation of projects and services / features such as domain authentication through the comprehension of protocols and analysis of the main data necessary to achieve the objectives.
<i>Activity / Project</i>	Ordinary and extraordinary maintenance of Unix systems
<i>Main tasks and responsibilities</i>	Without ever losing sight of the company's core business, often in urgent circumstances, the maintenance of Java / Python applications on AS Tomcat, Weblogic and Django, even in the absence of documentation, through analysis of the outputs and step-by-step procedure consolidation.
<i>Activity / Project</i>	Advanced troubleshooting
<i>Main tasks and responsibilities</i>	Through reverse engineering procedures, even in urgent circumstances and with scarce documentation in the corporate repositories, the achievement of the objectives through the analysis of the sources and the determination of the causes of the effects. Implementation of consolidation procedures with the group in order to avoid the recurrence of certain problems. Possibility of escalation to the supplier with fault evidence.

<i>Period</i>	Muscat, Oman ::: <b>March 17 - September 17</b>
<i>Role and task performed</i>	IT Support Engineer
<i>Activity / Project</i>	Oracle MWM & Oracle MDM
<i>Main tasks and responsibilities</i>	Diagnosis and Troubleshooting of systems for collecting and managing energy consumption data. At the national electricity company: consulting and support for internal staff training.
<i>Period</i>	Roma, Italy ::: <b>July 16 - March 17</b>
<i>Role and task performed</i>	Junior Storage Systems Administrator
<i>Activity / Project</i>	Installation, configuration of midrange and enterprise Huawei class storage block and unified devices including OceanStor 5800/6800.
<i>Main tasks and responsibilities</i>	Zoning, Mapping, Masking, presentation of LUNs with related storage Groups, configuration of NFS / CIFS shares for internal use as a repository.
<i>Period</i>	Budapest, Hungary ::: <b>June 2016 - July 2016</b>
<i>Role and task performed</i>	Junior Dev Ops
<i>Activity / Project</i>	HW upgrade, Storage Administrator, System Administrator
<i>Main tasks and responsibilities</i>	Design and implementation of storage infrastructure upgrades to improve performance and Zabbix Monitoring Solution implementation for a concentrated view of the infrastructural activity.
<i>Period</i>	Roma, Italy ::: <b>May 2016 - June 2016</b>
<i>Role and task performed</i>	System Administrator Linux/Unix
<i>Activity / Project</i>	Test and analysis for implementing solutions
<i>Main tasks and responsibilities</i>	During this experience I learned to use alarm systems and the SNMP/Syslog protocols for collecting diagnostic data on Linux systems using Zabbix and Nagios.
<i>Period</i>	Roma, Italy ::: <b>January 2012 - January 2015</b>
<i>Role and task performed</i>	Network and Systems Administrator
<i>Activity / Project</i>	Implementation of ICT solutions.
<i>Main tasks and responsibilities</i>	Realization of travel booking and vehicle rental systems through the implementation of new servers and network equipment. Configuration of related software, drafting and implementation of access policies from remote offices via VPN.
<i>Period</i>	Roma, Italy ::: <b>November 2007 - January 2012</b>
<i>Role and task performed</i>	Junior Developer
<i>Activity / Project</i>	Secretariat, Associate Management
<i>Main tasks and responsibilities</i>	Employed for a voluntary association, thanks to my passion for computers I created some scripts (Autoit3), increasing the capacity for issuing cards and defining a database of photos for coupling in print, simplifying everyone's work.

## Technical resume

<i>Operating systems</i>	Excellent knowledge of Linux (Ubuntu Debian CentOS Suse Solaris RedHat)
<i>Web / CMS / Document systems</i>	Excellent knowledge of Wordpress and Joomla
<i>Management SW / CMDB</i>	Excellent knowledge of ITop
<i>Virtualization</i>	Excellent knowledge of VMWare 5.X 6.X Good knowledge of KVM Good knowledge of ProxMox
<i>Web Server</i>	Excellent knowledge of Apache 1.3/2.0/2.2 Excellent knowledge of Nginx
<i>RDBMS</i>	Excellent knowledge of MySQL version 5.X 8.X Excellent knowledge of Postgres version 9.X 10.X 11.X
<i>Application Server</i>	Excellent knowledge of Apache Tomcat Excellent knowledge of Django Good knowledge of Jboss Good knowledge of Weblogic
<i>Network</i>	Excellent knowledge of routing and switching protocols Good knowledge of Cyber Security
<i>Storage</i>	Excellent knowledge of SMB, CIFS, NFS, iSCSI, FC protocols Excellent knowledge of Enterprise Class OceanStor 6800 Excellent knowledge of IBM V3700-V5000 Excellent knowledge of Cisco / Brocade Excellent planning and technical representation skills Excellent knowledge of OCFS2 filesystem
<i>System monitoring</i>	Excellent knowledge of Nagios Core Good knowledge of PRTG – Paessler Router Gateway Good knowledge of Zabbix Open Source
<i>Programming languages</i>	Excellent knowledge of Bash Excellent knowledge of Phyton Excellent knowledge of PHP

## Certifications

<i>Certification body</i>	Cisco Systems
<i>Title</i>	CCNA Security (210-260)
<i>Certification date / deadline</i>	08-02-2019 / 08-02-2021
<i>Verification URL</i>	<a href="https://cisco.pearsoncred.com/durango/status?key=uBOvCWxuCXrhcNuyvWTxhCfEJyLz">https://cisco.pearsoncred.com/durango/status?key=uBOvCWxuCXrhcNuyvWTxhCfEJyLz</a>
<i>Authorization code</i>	hCfEJyLz
<i>Certification body</i>	Cisco Systems
<i>Title</i>	CCNA Routing & Switching (200-125)
<i>Certification date / deadline</i>	08-08-2016 / 08-02-2021
<i>Verification URL</i>	<a href="https://cisco.pearsoncred.com/durango/status?key=uBOvCWxuCXrhcNuyvWTxhCfEJyLz">https://cisco.pearsoncred.com/durango/status?key=uBOvCWxuCXrhcNuyvWTxhCfEJyLz</a>
<i>Authorization code</i>	hCfEJyLz
<i>Certification body</i>	Training SUSE
<i>Title</i>	SUSE Certified Linux Professional
<i>Certification date / deadline</i>	05-04-2016
<i>Verification URL</i>	<a href="https://i7lp.integral7.com/durango/status?key=OVQLdsWODphgdTfMnxwANWIENZRw">https://i7lp.integral7.com/durango/status?key=OVQLdsWODphgdTfMnxwANWIENZRw</a>
<i>Authorization code</i>	NWIENZRw
<i>Certification body</i>	Linux Professional Institute
<i>Title</i>	LPIC-1
<i>Certification date / deadline</i>	02-25-2016
<i>Verification URL</i>	<a href="https://cs.lpi.org/caf/Xamman/certification/process_verify?lpi_id=LPI000355696&amp;ver_code=x3pyu32ank">https://cs.lpi.org/caf/Xamman/certification/process_verify?lpi_id=LPI000355696&amp;ver_code=x3pyu32ank</a>
<i>Certification body</i>	Oracle
<i>Title</i>	Oracle Solaris OS (1Z0-880)
<i>Certification date / deadline</i>	12-28-2015
<i>Verification URL</i>	<a href="https://www.youracclaim.com/badges/1dc89979-1f27-4e7d-a203-53b1bf6d6b0d/linked_in_profile">https://www.youracclaim.com/badges/1dc89979-1f27-4e7d-a203-53b1bf6d6b0d/linked_in_profile</a>

## Education and training

<i>Period</i>	Roma, Italy ::: <b>November 2015 - May 2016</b>												
<i>Name and type of training institution</i>	Vocational training institute in Rome												
<i>Qualification achieved</i>	Certifications: CCNA 200-120 (Routing and Switching); Oracle Solaris 10 (1Z0-880); LPIC-1 (Fundamentals of GNU / Linux and Network)												
<i>Period</i>	Roma, Italy ::: <b>2010</b>												
<i>Name and type of training institution</i>	Istituto scolastico paritario PIO XII												
<i>Qualification achieved</i>	Diploma in Accounting												
<i>Training areas</i>	From 2003 to 2007, accounting course IGEA (PROGRAMMERS) at ITC Sandro Botticelli - Institute of Higher Education.												
<i>Personal skills and competences</i>	I am not afraid of changes, and I like to find solutions, skills acquired during my professional experience started at a young age, both for the non-profit organization and for the travel agency, whereas a self-taught system engineer I helped the whole group to digitize.												
<i>Mother tongue</i>	Italian												
<i>Other languages</i>	<table border="1"> <thead> <tr> <th>Language</th> <th>Reading</th> <th>Writing</th> <th>Oral expression</th> </tr> </thead> <tbody> <tr> <td>ENGLISH</td> <td>B2 - INT</td> <td>B2 - INT</td> <td>B2 - INT</td> </tr> <tr> <td>SPANISH</td> <td>A2 - BASE</td> <td>A2 - BASE</td> <td>A2 - BASE</td> </tr> </tbody> </table>	Language	Reading	Writing	Oral expression	ENGLISH	B2 - INT	B2 - INT	B2 - INT	SPANISH	A2 - BASE	A2 - BASE	A2 - BASE
Language	Reading	Writing	Oral expression										
ENGLISH	B2 - INT	B2 - INT	B2 - INT										
SPANISH	A2 - BASE	A2 - BASE	A2 - BASE										
<i>Relational skills and competences</i>	Thanks to my passion for basketball and soccer, I learned the effectiveness of teamwork.												
<i>Organizational skills</i>	I am able to independently organize my work, defining priorities so as to facilitate the achievement of common or personal goals.												
<i>Technical skills and competences</i>	I am able to independently manage every aspect concerning storage in compliance with the necessary I / O requirements. I am also able to manage most of the system aspects of virtualization and I can safely and effectively deal with any type of problems, applications or systems, thanks to my reverse engineer ability, quick learning skill and adaptability acquired during my work experiences.
