

Curriculum Vitae CETTI GIORDANO

Personal Informations

Name / Last **Giordano Cetti**
Residential address NOT IN PUBLIC VERSION
Mobile NOT IN PUBLIC VERSION
E-mail giordano.cetti1@gmail.com
Web <https://giordanocetti.eu>
Citizenship Italian
Date of Birth 02/09/1988

Education And Training

Date **November 2015 to May 2016**
Main activities Master in Networking and Linux / Unix systems – Unix / GNU basic, Networking (CISCO) , virtualization (VMWare)
Institute Elis Corporate School (CEDEL)
Type of Business Unix Oracle Solaris (1Z0-880 certification) Fundamentals | GNU / Linux (LPI certification 101) Fundamentals | VMware vSphere (VCP6 - DT certification) Fundamentals | Cisco Routing and Switching (CCNA 200-120) Fundamentals
Date **2010**
Qualification Diploma in Accounting
Institute Istituto Scolastico Paritario PIO XII
Note 2001 to 2005 Accounting IGEA (plus informatics) course at ITC Sandro Botticelli

Work Experiences

Date **Jul 2016 present**
Occupation Junior Storage Administrator
Main activities Installation and configuration of Huawei midrange/enterprise class Block and Unified Storage. Storages examined during the internal activities were the Oceanstor 5800/6800. During the operational tasks main steps for the delivery of new server systems such as zoning, mapping, masking were performed. Furthermore, all the configurations to present the LUN with its Storage Group have been performed. In addition, share NFS / CIFS have been configured for internal company use as a repository.
Company Zer'oClock srl – Rome
Date **Jun 2016 to Jul 2016**
Occupation Junior DevOps & Linux System Administrator
Main activities Design and implementation of Storage Upgrade (SAN-NAS-DAS) to achieve at least 800.000 seq I/O and at least 100.000 unique IOPS (4k QD32 vm optimized) and Zabbix Monitoring Solution implementation for a simple vision of IT performances.
Company ByCloud.eu – Budapest
Date **May 2016 to Jun 2016**
Occupation Junior Linux Administrator
Main activities During this experience, I learned SNMP protocol usage to monitor servers.
As an intern I've produced a bash script, to fix a problem with the open source monitoring software implemented for a customer, effectively releasing an unofficial patch for Zabbix Server.
I'm open source lover and supporter so I've decided to publish it on github (<https://github.com/giordanocetti/zabbix-magnified>)

- Ericsson LI - IMS Systems for interception
- SNMP Monitoring

Company ADS Assembly Data System S.p.A.

Date 2012 to 2015
Occupation Junior System and Network Administrator
Main activities Realized through VMware implementation and related software configuration, car and travel reservation systems with local and remote access using VPN. I've also realized CCTV system and alarm system based on scheduling and opening time, delivering the physical access notification to the security referent only in case of movement detection during close time
Company World Travel Center srl – Rome

Date 2007 to 2012
Occupation Junior Developer
Main activities During this first professional experience, I've gain experience in public relations.
 My main duty was to record and print membership cards, my informatic passion and my scripting knowledges allowed me to found the way to simplify the badge layout and I've been able to increase the maximum daily output (print) capacity of 20 to 200 using scripting.
 This young age professional experience has spurred me to deepen Visual Basic Scripting, Database Management and Graphic Printing
Company Associazione Europea Operatori Polizia – Rome

Technical skills and competences

Good technical and organization skills gained during my working experience.
 Extremely great learning ability and aptitude to problem solving gained during my experience as a autodidact system administrator.

Informatic skills and competences

Good knowledge of Linux/Unix systems (LPIC-1 certification)
 Good knowledge of Network systems (Cisco CCNA 200-120 certification)
 Basic knowledge of languages: PHP, HTML, MYSQL, 'AUTOIT' scripting
 Great aptitude learning new programming languages.
 Advanced use of softwares: PFSense e WHM CPANEL
 Good knowledge of SNMP Monitoring protocol and systems.

Hobbies

I've played competitive sports of Basketball where I've learnt the 'Team Play' skill
 I've a great passion for computers and systems, I like to challenge myself, this has improved my skills and my growth as System Administrator plus Networker. I Actually have an active infrastructure with a 26 bits public subnet assigned that I use as personal production server and testplant.

Further information

"Although I currently live in Italy I'm ready to relocate in EU/US straight away"
